Professional Summary

Computer Science undergraduate at Woxsen University with hands-on experience building responsive and scalable web applications using JavaScript, React.js, HTML5, CSS3, Node.js, Firebase, and REST APIs. Experienced in developing reusable React components, responsive user interfaces, role-based experiences, API integrations, authentication workflows, and performance-focused frontend applications. Strong foundation in Data Structures, Algorithms, Object-Oriented Programming, DBMS, and Software Engineering, with a focus on building maintainable, user-friendly web experiences.

Education

Woxsen University, Hyderabad

Bachelor of Engineering in Computer Science

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering

Aug 2023 - Apr 2027

CGPA: 7.8/10

Technical Skills

Languages:	JavaScript, Python, Java, SQL
Frontend:	React.js, HTML5, CSS3, React Hooks, React Router, Vite, Tailwind CSS, Responsive Web Design
Backend & APIs:	Node.js, Express.js, REST APIs, WebSockets
Databases:	PostgreSQL, MySQL, MongoDB, Firebase Firestore
Tools & Cloud:	Git, GitHub, Docker, Firebase, AWS, Postman
Core:	Data Structures, Algorithms, Object-Oriented Programming, DBMS, Operating Systems, Computer Networks, System Design,

Projects

FarFindARole - AI-Powered Recruitment Platform

farfindarole.com

Jan 2025 - Jan 2026

React.js, Node.js, Firebase, REST APIs, AI

- Developed a responsive React.js platform connecting students, universities, recruiters, and placement officers through role-based interfaces.
- Built reusable React components, dashboards, authentication workflows, and REST API integrations for maintainable user experiences.
- Integrated AI-powered resume analysis while optimizing frontend performance using React Hooks and efficient state management.

HealthChain - AI-Powered Healthcare Platform

healthchain.co.in

Aug 2025 - Present

React.js, Vite, Tailwind CSS, React Router, Node.js, Express.js, REST APIs, WebSockets, Firebase

- Developed a responsive React.js healthcare platform with role-based dashboards for Patients, Doctors, Clinical Staff, and Administrators.
- Built reusable React components and modular frontend architecture using React Router and Tailwind CSS, integrating REST APIs and WebSockets for application workflows.
- Implemented Firebase Authentication with PostgreSQL and Firestore data workflows, along with role-based access controls for secure user experiences.

Food Ordering Platform

feasto.food

Aug 2025 - Nov 2025

React.js, Node.js, Firebase, Razorpay, REST APIs

- Developed a responsive React.js food ordering application with restaurant browsing, product search, cart, and checkout workflows.
- Built reusable components and REST API integrations while implementing Firebase Authentication, Firestore, and Razorpay.
- Optimized responsive layouts and frontend performance using React Hooks and modern development practices.

Certifications

- Prompt Engineering - OpenAI
- Python for Data Science - IBM
- Python Essentials 1 - Cisco Networking Academy
- Network Security & Database Vulnerabilities - Coursera
